

## **MHA TERO Self-Performing Preference List**

MHA TERO issues this List pursuant to the MHA TERO Ordinance, Regulations and Guidance. The list is comprised of Qualified Indian Contractors who have responded with a TERO Service Justification Questionnaires demonstrating their qualifications to perform specific work in the oilfield industry. Indian Contractors are encouraged to submit information with the goal of updating this list with the most complete and up-to-date information. Any misrepresentation or falsifying will result in TERO sanctions. **Preference under this list is applicable ONLY to the Indian Contractor listed and does not extend to their subcontractor.**

This list will be enforced while the MHA TERO Self Performing Preference List Guidance is in effect and until the process of issuing Indian Contractors a category of (A, B, C, D, or E) is completed.

**IMPORTANT: Consistent with the spirit of the MHA TERO law and regulation, MHA TERO is publishing the below self-performing list. The list is subject to change as TERO intends to perform additional due diligence in determining whether Qualified Indian Contractors should be classified as self-performers. Therefore, as TERO performs its due diligence, TERO anticipates that additional Qualified Contractors will be added to the list and some Qualified Indian Contractors will be removed from the list. The self-performing list is therefore subject to change with or without notice.**

**- Listed in no particular order -**
